**Direct Case of Skyline Telephone Membership Corporation** 

Dear Ms. Dortch:

John Staurulakis, Inc. hereby files the attached Direct Case on behalf of Skyline Telephone Membership Corporation pursuant to the Commission's *Order Designating Issues for Investigation*, DA 12-1430, released August 31, 2012 in the above-referenced docket. The Direct Case is filed as confidential under the Commission's Protective Order. Pursuant to the Protective Order, provided are one copy of the confidential version and two copies of the redacted version. The redacted version has also been filed on the Electronic Comment Filing System.

Please direct any questions regarding this filing to the undersigned.

Sincerely,

John Kuykendall Vice President

301-459-7590

# DIRECT CASE OF SKYLINE TELEPHONE MEMBERSHIP CORPORATION

Skyline Telephone Membership Corporation, ("Skyline") pursuant to the August 31, 2012 Designation Order, hereby files its Direct Case in the above-referenced matter.

#### I. INTRODUCTION

On June 18, 2012, Skyline Telephone Membership Corporation, (alternatively "Skyline" or "Company"), through its consultant John Staurulakis, Inc. ("JSI") filed under Transmittal No. 165 of the John Staurulakis, Inc. Tariff F.C.C. No. 1 ("JSI Tariff") revisions in accordance with the Commission's March 28, 2012 release entitled In the Matter of July 3, 2012 Annual Access Charge Tariff Filings, WCB/Pricing File No. 12-07, Order, DA 12-482 ("June 18<sup>th</sup> filing"). Skyline is an Issuing Carrier of the JSI Tariff.

Skyline elected to file an Access Recovery Charge ("ARC") pursuant to Section 1.917(e), to be effective July 3, 2012, and a Connect America Fund ("CAF") election pursuant to Section 51.917(f). The Company made the appropriate filing on June 18, 2012. On July 2, 2012, the Wireline Competition Bureau released an Order that suspended for one day and set for investigation the ARC rates contained in the 2012 Annual Access Tariff filings of all issuing incumbent local exchange carriers ("ILECs")

<sup>&</sup>lt;sup>1</sup> Investigation of Certain 2012 Annual Access Tariffs, WC Docket No. 12-233, WCB/Pricing No. 12-09, Order Designating Issues for Investigation, DA 12-1430 (rel. August 31, 2012) ("Designation Order").

that charged an ARC, including those filed on behalf of Skyline. Pursuant to the *Designation Order*, Skyline hereby submits the required information and demonstrates that in light of the adjustments discussed in this Direct Case, Skyline's ARC rates are just and reasonable.

The financial information presented in this Direct Case as Exhibit 1, the 2012 ROR ILEC Interstate Rates Worksheet and the 2012 ROR ILEC Intrastate Rates Worksheet,<sup>2</sup> is confidential and is being submitted with this Direct Case in both confidential and redacted versions. This revised financial information will also be filed with USAC as directed by the *Designation Order*.

Skyline is also filing the appropriate certifications with this Direct Case indicating that this filing is true and correct to the best of its knowledge, that it was not seeking duplicative recovery, and that it complied with sections 51.917(d), 51.917(e), and 51.917(f) of the Commission's rules.<sup>3</sup> These certifications are being filed in support of the revised Tariff Review Plan information being filed with the Commission in conjunction with this Direct Case.

### II. ISSUES DESIGNATED FOR INVESTIGATION

A. Whether LEC has Reasonably Determined the Amount of its Base Period Revenue

#### 1. Fiscal Year 2011 Revenue Determination

<sup>&</sup>lt;sup>2</sup> Also referred to as the Tariff Review Plan or financial information.

<sup>&</sup>lt;sup>3</sup> See 47 C.F.R. §§ 1.16 (addressing unsworn declarations under penalty of perjury in lieu of affidavits); 51.917(d)(1)(vii) (requiring annual certification from Rate-of-Return carriers obtaining Eligible Recovery that no duplicative recovery is sought); and 51.917(f)(3) (stating that "A Rate-of-Return carrier that elects to receive CAF ICC support must certify with its 2012 annual access tariff filing and on April 1<sup>st</sup> of each subsequent year that it has complied with paragraphs (d) and (e), and, after doing so, is eligible to receive the CAF ICC support requested pursuant to paragraph (f) of this section").

A rate-of-return Local Exchange Carrier's ("LEC's") Base Period revenue is made up of three components: 1) its 2011 Interstate Switched Access Revenue Requirement; 2) Fiscal Year 2011 revenues from rate elements included in the definition of Transitional Intrastate Access Service received by March 31, 2012; and 3) Fiscal Year 2011 reciprocal compensation revenues received by March 31, 2012, less Fiscal Year 2011 reciprocal compensation payments made by March 31, 2012 (net reciprocal compensation revenues). Base Period Revenue also includes revenues from non-recurring charges associated with the switched access services in question.

Skyline bills its carrier access bills ("CABs") on a mid-month cycle.

Consequently, intrastate terminating billing usage reflected in the June 18<sup>th</sup> filing for

Skyline was based on the time period from August 21, 2010 through August 20, 2011 and not the October 1, 2010 through September 30, 2011 Fiscal Year put forth by the

Commission. The CABs are used to ensure that the revenues are for services provided during Fiscal Year 2011, eliminate billed revenues not related to services provided such as late fees which are identified separately on the CABs and to make certain that billed revenues were collected by March 31, 2012.

Please reference Exhibit 1 which reflects the intrastate terminating billing usage "calendarized" to align with the October 2010 through September 2011 Fiscal Year.

Skyline relied on its CABs to recast this information. Ultimately, the calendarized information did not cause a change in the ARC rates established by Skyline in the June 18<sup>th</sup> filing.

### 2. Non-recurring charges inclusions and eliminations

Skyline does not have any non-recurring charges associated with the services in question. As a result, Base Period Revenue is not impacted by non-recurring charges.

Non-recurring charges not related to these services were also excluded from the billed revenues used in the June 18<sup>th</sup> filing and in this Direct Case.

# B. Whether LEC has Reasonably Calculated its Required Intrastate Rate Reductions

Skyline has followed the appropriate procedure when determining its required intrastate rate reductions for the purposes of the June 18<sup>th</sup> filing, and for this Direct Case, and is not subject to review of this issue as outlined in the Commission's *Designation Order*.

# C. Whether LEC has Reasonably Estimated its Projected Interstate and Intrastate Switched Access Demand

LECs were directed to use existing demand estimation methods to project demand for the 2012-2013 tariff period. In calculating the Eligible Recovery, a LEC must also subtract certain projected intrastate and interstate access revenues from its Base Period.

Please reference Exhibit 1. As indicated on the 2012 ROR ILEC Interstate Rates Worksheet, the LSS amount reflected in cell F-7 is and the projected annual percentage rate of demand change reflected in the calculation of the amount in cell F-10 is -14.25%. As indicated on the 2012 ROR ILEC Intrastate Rates Worksheet, the projected annual percentage rate of demand change reflected in the calculation of the amount in cell G-9 is -10.63%.

This review indicates that Skyline's projected interstate and/or intrastate demand loss is less than an annualized rate of fifteen percent. Accordingly, Skyline falls within the "safe harbor" of fifteen percent and no further action is warranted.

D. Whether NECA's Allocation of Projected Pool Interstate Switched Access Revenues Based on Projected Switched Access Billed Revenues was Reasonable

Not applicable to Skyline Telephone Membership Corporation.

E. Whether the Suspended Access Recovery Charge Rates are Just and Reasonable and, if not, the Process for Requiring Refunds

Please reference Exhibit 2 which is a Table reflecting Skyline's filed ARC rates and the ARC rates supported by this Direct Case. In this Direct Case, Skyline reaffirms the ARC rates that were established in the June 18<sup>th</sup> filing and asserts that the ARC rates established in the June 18<sup>th</sup> filing were just and reasonable. Skyline is also filing Exhibit 3 with this Direct Case, which is the completed Tariff Review Plan showing the calculation of its ARC rates. In light of the fact that no changes are being proposed to the ARC rates calculations, this Tariff Review Plan will not be re-filed and Skyline will not be filing revised ARC rates with the Commission in conjunction with this Direct Case.

### III. CONCLUSION

Skyline presents this Direct Case in compliance with the aforementioned August 31, 2012 *Designation Order*. Skyline has reasonably determined the amount of its Base

Period Revenue, reasonably calculated its required intrastate rate reductions, and reasonably estimated it projected interstate and intrastate switched access demand.

Accordingly, and in light of the adjustments described in this Direct Case,

Skyline's suspended ARC rates are just and reasonable and are reaffirmed by this Direct

Case.

Respectfully submitted,

September 27, 2012

**Skyline Telephone Membership Corporation**
